

INVESTING *in* SAFER COMMUNITIES

In 2017, the Colorado State Legislature passed a bill (HB17-1326) that is transforming our approach to public safety. This new safety vision invests in strategies that strengthen communities as a way to prevent crime in the first place. With oversight by the Colorado Department of Local Affairs (DOLA), this legislation provides three years of funding for pilot projects in Southeast Colorado Springs and North Aurora. Funding will be used to offer small business loans managed by lenders and a grant program administered by a community foundation. Local planning teams will determine grant funding priorities for each community.

NORTH AURORA AND SOUTHEAST COLORADO SPRINGS WERE SELECTED TO PILOT THIS NEW SAFETY VISION.
